Randy Ray, Central Colorado Water Conservancy District
- 1:30 pm to 3:00 pm Optional Tour - Dillon Reservoir
LIMITED TO FIRST 20-REGISTRANTS
Optional Tour - LIMITED TO FIRST 20 PARTICIPANTS
Dillon Reservoir, Denver's Water Collection System
Dillon Reservoir is Denver Water's largest supply reservoir. Here Denver Water collects runoff from mountain snow-pack to store for providing water to approximately 1.5 million people on the Front Range. On this tour you will learn more about the dam, the reservoir and the hydroelectric power at the dam. You will also hear about the history of the dam and reservoir, how they operate today and how Denver Water integrates those operations to meet the recreational and environmental needs in Summit County.
OR
Optional Presentation -
Presentation on Copper Mountain's Future Plans for Sustainability
Jeff Grasser, Project & Efficiency Manager Mountain Sustainability
There will be time for an optional chair lift ride to take in the mountain and stunning views. *Chair lift tickets are \$15,00 per person.*
